

Ordering Information

Order Forms

Please type or clearly print order information and copy on the provided order forms. To avoid delays and possible errors, verify that all dates and spellings are accurate. Especially note capital letters and spacing on unusual names like Demonte, De monte, DeMonte, etc. If a word has an unusual spelling, please mark "spelling OK" beside it.

Ink Colors

Unless otherwise indicated, all items are available in any ink color shown on page 22. The ink color you choose will be used for the wording only. The invitation color and design will remain as shown unless otherwise indicated. Please see page 4 regarding extra charges for ink colors other than Black.

Lettering Styles

See pages 17-18 for a complete selection of lettering styles available. Choose any of the lettering styles shown or combine two as shown on page 19.

Order 25 Extra

To avoid costly reorders, make sure to order plenty of invitations and envelopes. We suggest that you order an extra 25 items to allow for addressing errors and last-minute additions to your guest list.

Choose Your Own Wording

To make your invitations both personal and applicable to your joyous celebration, you may select any of the invitation wordings shown on pages 6-12, write your own unique wording or choose wording from any of the samples shown throughout the album. Wording suggestions for receptions, response cards, and thank you notes are shown on pages 13-16. Please be aware that the design of some items may restrict the amount of copy space available.

Quotes and Names

On all invitations with interchangeable verses and/or names, please provide us with a verse and/or names to be printed on the invitation. You may change the verse wording if you desire. If verse and/or names are not provided, we will use the first names from your invitation copy and print the verse as shown. If you do not want the verse and/or names as shown, you must clearly note on the order form, "NO VERSE AND/OR NAMES ON INVITATION." Invitations with interchangeable verses are clearly indicated. Foil stamped verses cannot be changed or removed.

Printed Return Address and Lined Envelopes

Outer envelopes printed with your return address will save you effort and valuable addressing time. They also ensure that undeliverable invitations will be returned to you. When ordering response cards or folders, be sure to indicate copy for name and return address on envelopes. Lined envelopes are available only as stated on each page. Lining colors not mentioned are not available.

Check Postage

We suggest that you check with your local post office for exact postage before mailing your wedding invitation ensemble. Due to the unique shape and size, some invitations may require extra postage.
